INGREDIENTS

Magnesium oxide, salt, calcium carbonate, monocalcium phosphate, dicalcium phosphate, sodium bentonite, processed grain by-products, copper sulfate, copper chloride, zinc sulfate, manganese sulfate, ethylenediamine dihydriodide, calcium iodate, cobalt carbonate, molasses products, magnesium sulfate, potassium sulfate, vegetable oil, vitamin E supplement, vitamin A acetate, vitamin D supplement, sodium selenite, natural & artificial flavors.

WARNING: This product, which contains added copper, should not be fed to sheep or related species that have a low tolerance to copper. This product has been formulated specifically for beef and is not intended for other species.

FEEDING DIRECTIONS:

Stockmaster Sweet Mag 14 Cu is formulated to be fed at 4 ounces per head per day. It is important that animals consume adequate amounts of Stockmaster Sweet Mag 14 Cu. It is recommended that Stockmaster Sweet Mag 14 Cu is mixed with grain and force fed to ensure adequate intake.

If force feeding is not possible Stockmaster Sweet Mag 14 Cu may be offered on a free choice basis. Start feeding Stockmaster Sweet Mag 14 Cu thirty days prior to the cattle being grazed on lush grass. Do not feed additional salt or other mineral sources.

Stockmaster Sweet Mag 14 Cu intakes will vary. Intakes of Stockmaster Sweet Mag 14 Cu should be estimated biweekly. If free choice intakes are less than 4 ounces per head per day Stockmaster Sweet Mag 14 Cu should be force fed.

Provide fresh clean water at all times.

Supplemental mineral requirements of cattle vary by region, forage quality and season. Individual animal requirements may vary due to age, size, stage or growth or milk production. Please consult your Hubbard Feeds Inc. representative if you have questions about mineral supplementation.

Hubbard does not use "Restricted-use Proteins" in their products and is in compliance with FDA and state requirements regarding the use, handling and storage of "Restricted-use Protein" products.

Net Weight 50 lb (22.68 kg) or bulk invoice.
